

## DIABOX™

This two-part enclosure is split diagonally, offering clear and easy access to installed equipment for maintenance. There are six sizes from approx. 27 to 277 liters, each of which may be installed vertically or horizontally.

For individual volumes and requirements, the variant DIABOX VARIO can be flexibly adapted.

### Features & advantages

- Made of hot-pressed glass fiber reinforced polyester (GRP)
- Stackable design for space saving storage and transport
- Low flammability and self-extinguishing
- Color: gray or custom
- Lightweight (8.5 - 18 kg)
- UV-resistant
- Continuous double seal (mechanical and EPDM)
- Protection class up to IP68
- Arctic GRP option: sandwich design with additional PU insulation
- Optional: Lid with window
